The Society was formed in 2013 by Mr. Chris Selby to initially research the history of the names on our village War Memorial.

Since then our objectives have expanded and include the developing, maintaining, extending and conserving the St. Tudy Archive; fostering an interest in the history of Cornwall and a general interest in history.

We have an active Research Group working on many things including enquires through the website from those seeking to discover family roots in St. Tudy.

All are very welcome to attend any of our meetings and we always welcome visitors and new members.
